1200x2440/2600/2800/2900mm

The UV Board Series is designed around modern spatial aesthetics, combining glossy surfaces, refined stone textures, and stable substrates to create a wall decoration solution that balances beauty and practicality. With a wide range of surface designs, it is suitable for residential interiors, hotels, commercial spaces, offices, and more, offering a lighter, more efficient, and more refined material choice for contemporary design.

White, always the most classic
and timeless choice, low-key soft in
revealing elegant style
